- Self-assembly and flat packed for easy shipping & installation

EXAMPLES

The ProMedia offers a cost and space effective solution for most desktop editing systems. This product has been used for QC, monitoring and graphics desks often in situations where space is a premium.

This product range comes flat packed which makes it easy to ship and assemble on site. We offer a *free design* layout service so if you send us a floor plan of your studio, we will fit your ProMedia desk into the space. We also offer *Hybrid* with our Product range; this means custom sections can be built if required for a specific project.

The standard colours are Royal Blue & Crown Maple and Graphite Grey & Crown Oak
